BG-Map TechNote

How to Change the Text Font on Maps

Introduction

On maps generated by BG-Map, you can change the font that is used to display plant names and accession numbers. Note, this does not apply to maps displayed by Web-VQF.

Procedure – Using AutoCAD

- Start BG-Map.
- In the upper right-hand corner of the BG-Map window, click the browse button for "Map Font."
- Select "Choose Another Available Font."
- Select a font from the list by rightclicking and selecting "Browse." To add a blank line to the list, click on the list and press the keyboard down arrow.

📈 Map Fonts	
Available Fonts Calibri	◯ Use BG-Map Default Font ④ Select Other Available Font OK
CityBlueprint Comic Sans MS Garamond Times New Roman	Current Font Cancel Calibri This is a Font Sample 01234
	Italicize Plant Names Help

Procedure – Using CMS IntelliCAD

- Start BG-Map
- In IntelliCAD, enter the command: **STYLE**.
- Under "Current Style Name", select SMTEXT.
- Under "Name", select the desired font and click OK. Do not change any other settings.
- Select File/Save Basemap.
